NORFOLK COUNTY GAZETTE JOB PRINT.

1892.

TWENTY-FOURTH ANNUAL REPORT

OF THE

RECEIPTS *AND* EXPENDITURES

OF THE

TOWN OF HYDE PARK

WITH

REPORTS OF THE SELECTMEN, TRUSTEES OF
PUBLIC LIBRARY, SCHOOL COMMITTEE,
AND OTHER TOWN OFFICERS,

FOR THE

Year Ending January 31, 1892.

HYDE PARK:
NORFOLK COUNTY GAZETTE JOB PRINT.
1892.

OFFICERS OF THE TOWN OF HYDE PARK,
FOR THE YEAR ENDING MARCH 7, 1892.

SELECTMEN AND SURVEYORS OF HIGHWAYS:

ROBERT BLEAKIE, STEPHEN B. BALKAM,
 AMOS H. BRAINARD, GEORGE L. ELDRIDGE,
 FREDERICK N. TIRRELL.

ASSESSORS :

DAVID PERKINS, GEORGE SANFORD,
HENRY C. STARK.

TOWN CLERK:

HENRY B. TERRY.

TOWN TREASURER:

HENRY S. BUNTON.

BOARD OF HEALTH:

JAMES P. BILLS, JOHN C. LINCOLN,
DANIEL F. WOOD.

OVERSEERS OF THE POOR:

CHARLES LEWIS	term expires 1894.
GEORGE W. CHAPMAN	term expires 1895.
JOHN TERRY	term expires 1892.

COLLECTOR OF TAXES:

GEORGE SANFORD.

SCHOOL COMMITTEE:

RICHARD M. JOHNSON	term expires 1894.
AUGUSTA L. HANCHETT	term expires 1894.
ANDREW WASHBURN (resigned,)	term expires 1893.
CHARLES G. CHICK	term expires 1893.
EDWARD S. HATHAWAY	term expires 1892.
LOUISE M. WOOD	term expires 1892.
HENRY S. BUNTON (chosen to fill vacancy,)	term expires 1892.

SINKING FUND COMMISSIONERS:

HENRY GREW (deceased),	term expires 1894.
HENRY BLASDALE	term expires 1893.
WILLIAM J. STUART	term expires 1892.
DAVID PERKINS (chosen to fill vacancy), .	term expires 1892.

AUDITORS:

CHARLES F. MORRISON,	WALLACE D. LOVELL.
ASA J. ADAMS.	

TRUSTEES OF THE PUBLIC LIBRARY:

AMOS H. BRAINARD	term expires 1894.
CHARLES F. JENNEY	term expires 1894.
DAVID C. MARR	term expires 1894.
CHARLES S. NORRIS	term expires 1893.
EDWARD S. HAYWARD	term expires 1893.
HENRY B. MINER	term expires 1893.
G. FRED GRIDLEY	term expires 1892.
FREDERICK N. TIRRELL	term expires 1892.
EDMUND DAVIS	term expires 1892.

CONSTABLES:

SAMUEL P. SMITH,	BENJAMIN E. FOGG,
ELIJAH W. MOFFATT,	GEORGE SANFORD,
CHARLES E. JENNEY,	FRANK GREENWOOD,
DANIEL O'CONNELL,	CHARLES JACOBS,
ANDREW D. ROONEY.	

FIRE DEPARTMENT:

WARREN W. HILTON	Chief Engineer.
JOHN H. McKENNA }	Assistant Engineers.
REUBEN CORSON }	

SEALER OF WEIGHTS AND MEASURES:

JOHN N. BULLARD.

SELECTMEN'S REPORT.

FELLOW CITIZENS :

There is nothing more pleasing to a public servant, when making a report of his action to those who have entrusted their interests to his keeping, than the consciousness that his work has been reasonably satisfactory to himself; and it is with this feeling that your selectmen here present to you a report of their doings for the past year, and hope that they will prove equally satisfactory to you.

As your public servants we have endeavored to so conduct our department that taxation would not be an excessive burden, and yet to watch so closely the necessities of the town that its best interests would neither be sacrificed nor endangered by a too economical policy. We feel that many of our citizens are with us in this; there are others who desire to have a more extravagant policy followed and, as they express it, the town built up even though a debt is thereby created and left for the coming generation to pay. To such as entertain these extravagant thoughts we would say that the Legislature of our State has so framed the laws which govern us that future generations cannot be burdened with the payment for our luxuries or necessities, except in the matters of sewerage and water. Money for these purposes can be borrowed for twenty and thirty years respectively, but for all other enterprises we can borrow for no longer a period than ten years, and we must provide for the payment of the money so borrowed in ten annual instalments. To illustrate, should we decide to borrow \$100,000 next year and expend it in attempting to gratify the fancied

needs of some of our citizens, the year following we would have to put into our tax levy \$10,000 to pay one-tenth of the sum so borrowed and \$4,000 more for interest on the same, thus making an increased burden of \$14,000 to be met by direct taxation and paid by us and not by "future generations"; and so on, every year until the whole sum borrowed and interest on it was fully paid; or if the expedient of a sinking fund was adopted, the whole sum and interest must still be met in ten years and the yearly burden upon our tax payers would be substantially the same.

This being the case—and it is a condition of things created by the wisdom of our law-makers purposely to protect towns from extravagance and coming generations from the debts of their predecessors—would it not be folly to let ourselves drift blindly into a condition similar to, or even worse than that from which we have but recently emerged, and which could gratify only the unthinking?

STREETS AND SIDEWALKS.

The work here, both in the way of permanent improvement and of ordinary repairs, has been done under the supervision of a superintendent, and the benefits of a well equipped street department, to which we alluded in our last report, are further emphasized by the results accomplished this year. If continued it will be only a few years till all the streets in our town will be of a kind to satisfy the reasonable requirements of our citizens. It is to be hoped that the methods now adopted in building our highways, and found so satisfactory will be jealously watched and any departure therefrom promptly checked, so that money may never again be thrown away upon streets where a few rains will wash away every trace of the work done.

The following tables show what has been done in the way of permanent improvements.

MACADAMIZED ROAD.

On Hyde Park avenue	1,100 feet.
“ East River street	5,500 “
“ Fairmount avenue	780 “
“ Central Park avenue	1,400 “
“ Dana avenue	900 “
Total	<u>9,680 feet.</u>

SIDEWALKS.

On Central Park avenue, curbed and gravelled . .	2,600 feet.
“ East River street, “ “ “ . .	1,000 “
“ West street, “ “ concreted . .	790 “
“ Central avenue, “ “ “ . .	550 “
“ Oak street, “ “ “ . .	300 “
“ “ “ “ “ gravelled . .	386 “
“ Arlington street, “ “ “ . .	150 “
“ Railroad avenue, “ “ concreted . .	31 “
At Greenwood school, “ “ gravelled . .	320 “
Total	<u>6,127 feet.</u>

GUTTERS, ETC.

On Dana avenue, concrete gutter	850 feet.
“ West street, “ “	360 “
“ Oak street, paved “	686 “
“ Central avenue, paved “	200 “
“ Highland Street Park, curbing	214 “
“ Beacon street and Metropolitan avenue, curbing . .	175 “
From Perkins avenue to Barry street, drain pipe . .	200 “
Total	<u>2,685 feet.</u>
Stone crushed and ready for use	400 loads.

This statement shows that a good amount of work has been done considering the appropriation made for those purposes, and there still remains in the treasury \$3,176.65 of the highway appropriation ready for any emergency which the elements may bring upon us. We think that our citizens, having appropriated in the beginning of the year such sums as were represented to be sufficient for the needs of the

various departments, have the right to expect all the town officials so to govern their expenditures that at all times they may have sufficient means at hand to meet ordinary emergencies without making special appeals to the town for more funds.

Not unfrequently such appeals become necessary from the lack of that fore-thought due exercise of which would have prevented them—as, for instance, in the doing of work which, however desirable, might have been deferred easily to a later and more convenient time.

It is as true in municipal as in personal matters that a little self-denial is at times necessary.

In addition to the work done as permanent improvements we have kept up the ordinary repairs on the highways, among other things planking the bridges on Central Park avenue, West River street, and Bridge street, and two at Clarendon Hills.

The annual appropriation March 25, 1891, for current		
expenses on highways was		\$4,000.00
For permanent improvements		10,000.00
Balance from last year, highways		1,855.53
Money heretofore received, Sidewalk Assessments		1,609.85
“ “ “ “ Street “		470 91
“ “ “ “ Board of Health Assessm'ts		234.76
Money received the current year, Sidewalk Assessments		2,772.34
“ “ “ “ “ Street “		841.24
“ “ “ “ “ Board of Health Asm'ts		593.29
Material sold and cash refunded		44.52
Total		<u>\$22,422.44</u>
Cost of the year's work on streets and sidewalks		\$19,245 79
Balance remaining in the treasury		<u>3,176.65</u>

ACTIONS AT LAW.

In the annual report of the selectmen for last year it was stated that Mr. William J. Hayes of Dedham had brought suit against the town to recover two thousand dollars for

damages received from a telephone wire. The alleged injury to him occurred on Central Park avenue near its junction with Oak street in the early part of 1889. It was further stated that a verdict had been rendered in favor of the town and that the case was then pending in the Supreme Court.

The case was argued in that court on the plaintiff's exceptions last March, and in the following May a decision was rendered sustaining the exceptions and ordering a new trial, on the ground that the Justice of the Superior Court erred in directing a verdict for the defendant. This case is reported in the *New England Reporter*, Vol. 27, page 522; and will be in either Vol. 153 or 154, *Mass. Supreme Court Reports*.

This case was again reached for trial at the present January sitting of the Superior Court at Dedham; and, after a full trial, a verdict was again rendered for the town.

The plaintiff has filed a motion for a new trial, claiming that this verdict is against the evidence, the weight of the evidence, and against the law, which motion has not yet been heard by the court. We expect the motion will be overruled.

The petition brought by the Board of Selectmen of last year to prohibit the County Commissioners from making certain decrees in relation to Metropolitan avenue, and fully described in the last annual report, is still pending in the Supreme Court.

It is now anticipated that the hearing on this petition will take place in the Supreme Court at Dedham in February.

The petition by Maria A. Eustis against the town in the Superior Court on account of betterment assessment on her property in consequence of the acceptance and construction of Warren avenue between Beacon street and Neponset river in 1888, and mentioned in the last annual report, has not been tried, and is still pending in said Court.

Mary Ann Hobart of this town gave us notice that on the 13th day of April, 1891, she sustained personal injury by reason of a staple and ring inserted in and projecting above the surface of the curbstone and sidewalk in front of No. 6 Fairmount avenue. On the 20th of August she brought suit against the town, wherein she alleged her damages in the sum of \$3,000, which suit was on the trial list of the January sitting of the Superior Court at Dedham, but not having been reached for trial, it stands continued to the next May sitting of the Court.

Mrs. Mary A. Foster of this town notified us that on the 2d day of March, 1891, while traveling on the sidewalk of Fairmount avenue, between the N. Y. & N. E. R. R., and the bridge over the Neponset river, she fell and sustained personal injuries. On the 19th of September she commenced a suit in our Superior Court, claiming damages in the sum of \$5,000; which suit is now on the trial list at Dedham, and will probably be tried at next May sitting.

Mrs. Ira L. Benton alleged that she was injured on one of our public streets in March, 1890, and claimed damages from the town therefor. After careful investigation of all the circumstances, a compromise settlement was effected for the sum of \$100.

POLICE.

This department has been carried on with the same force as during the previous year. In the report of the Chief will be found a statement of its doings in detail.

In accordance with the practice of the past two years we present our estimate of appropriations necessary for the following year, the appropriations for the same purposes for the current year being shown in a parallel column.

SUPPORT OF SCHOOLS.

	1891.	1892.
Salaries, janitors and fuel,	\$29,800 00	
Incidentals,	3,400 00	
Text books and supplies,	1,500 00	
Evening and Industrial schools.	600 00	
Steam heating apparatus, Grew School,	2,500 00	
	<hr/>	
	\$37,800 00	\$35,300 00
Debt and interest maturing,	\$20,000 00	\$20,000 00
Public Library, current expenses,	1,850 00	1,650 00
Highways, current expenses,	4,000 00	4,000 00
Highways, permanent improvements,	10,000 00	12,000 00
Board of Health,	1,000 00	1,500 00
Incidentals,	7,000 00	7,000 00
Salaries,	3,291 66	3,325 00
Police,	4,000 00	4,000 00
Support of poor,	3,500 00	3,500 00
Street lights,	7,200 00	7,200 00
Fire Department,	4,700 00	4,700 00
Grand Army of the Republic,	150 00	150 00
	<hr/>	<hr/>
	\$104,491 66	\$104,325 00
Hydrant service (from Corporation and Nat. Bank tax.)	5,200 00	5,200 00

NOTE. — The sum of \$35,300 for schools is the same amount asked for and appropriated last year, leaving out the special appropriation of \$2,500 for steam heating apparatus for Grew School. It will also be observed that we recommend an increase of \$2,000 in the permanent improvement appropriation. This we do with the further recommendation that from it a steam roller be purchased. We think such a purchase will be in the direct line of economical progress. A roller will cost about \$4,000; but we believe that, with its use on the streets, almost as much can be done with the remaining \$8,000 as was done last year with \$10,000.

If the appropriations for next year are made as above

suggested, we believe that every interest of the town can be well cared for and the tax levy further reduced to about \$14 per \$1,000 ; thus continuing the good work of the previous two years in that direction, and verifying the prediction which we ventured to make in our report of January, 1890, when our tax rate was \$16 per \$1,000. This will be a condition that should be very gratifying when we consider that the payment of debts contracted years ago still loads us with a yearly burden of \$20,000 in our tax levy, and it shows the splendid position in which a little forbearance will place us when, in 1895, we shall have paid off nearly the last of our legacy of old debts.

ROBERT BLEAKIE,
AMOS H. BRAINARD,
GEORGE L. ELDRIDGE,
STEPHEN B. BALKAM,
FREDERICK N. TIRRELL,
Selectmen of Hyde Park.

TOWN CLERKS' REPORT.

BIRTHS.

Number of births registered in Hyde Park in 1891	287
Males	147
Females	140

The parentage of the children is as follows :

Both parents American	118
Irish	37
Scotch	4
English	7
Swedes	1
Germans	3
of British Provinces	29
Mixed, one parent American	58
Both parents of other nationalities	30

Born in January, 18; February, 20; March 27; April, 22; May, 26; June, 24; July, 22, August, 26; September, 23; October, 20; November, 25; December, 34.

MARRIAGES.

Married in January, 13; February, 7; March, 2; April, 11; May, 3; June, 27; July, 7; August, 4; September, 10; October, 16; November, 14; December, 13.

The following are the names and residences of the parties whose marriages were solemnized in 1891, certificates of which have been filed in this office: —

- Jan. 1. Peter M. Sanna and Louisa Cochran, both of Hyde Park.
 " 8. George Green and Sarah A. Reed, both of Hyde Park.
 " 18. James Haley and Margaret A. Norton, both of Hyde Park.
 " 21. John J. Drummey and Isabella V. Loftus, both of Hyde Park.
 " 15. John Dalton and Nora Doran, both of Hyde Park.
 " 28. Michael Higgins of Boston, and Katie Hayers of Hyde Park.
 " 22. William J. Robinson of Amesbury, and Annie D. Will of Hyde Park.
 " 1. Edward C. Lunt of Washington, D. C., and Clara M. Lang of Hyde Park.
 " 16. James S. Condon, Jr., of Hyde Park, and Jane Sinton of Milton.
 " 21. Tobias Stackpole and Eunice D. Murrow, both of Hyde Park.
 " 1. George W. Vincent and Rosina G. Higgins, both of Hyde Park.
 " 14. Everett E. Monroe and Margaret A. Marshall, both of Hyde Park.
 " 31. Charles D. Verrill of Brockton, and Grace D. Annis of Hyde Park.
 Feb. 3. George A. Parker and Mary M. Scott, both of Hyde Park.
 " 7. Carl E. Meister of Hyde Park, and Georgie F. Williams of Brockton.
 " 18. Leon A. Randall and Nancy A. Ames, both of Boston.
 " 10. Peter J. McGowan and Maggie V. Fay, both of Hyde Park.
 " 10. Martin Joyce of Milton, and Margaret Hannigan of Hyde Park.
 " 8. Christopher Chisholm and Polly McNeil, both of Hyde Park.
 " 19. Orsemus S. Hyde and Ida A. Brainard, both of Hyde Park.
 Mar. 7. Charles A. Nilson and Annie L. Blomquist, both of Hyde Park.
 " 4. Samuel Jenkins and Sophia J. Vincent, both of Hyde Park.

- Apr. 11. Edward A. Johnson of Hyde Park, and Grace H. Wheeler of Williamstown.
- " 22. William Grady of Mansfield, and Johanna Feehan of Hyde Park.
- " 23. James Duggan of Boston, and Catherine Mullane of Hyde Park.
- " 30. George H. Hargraves and Agnes Fogarty, both of Hyde Park.
- " 13. Harry C. Atwood and Agnes E. O'Brien, both of Hyde Park.
- " 13. Napoleon Reso and Lucy Lefond, both of Hyde Park.
- " 12. Francis J. White and Catherine E. Hickey, both of Hyde Park.
- " 7. Roswell D. Gerrish and Mary E. Campbell, both of Hyde Park.
- " 22. Jeremiah F. Carroll and Regina Cunningham, both of Hyde Park.
- " 30. James K. Christopher and Mary J. Wood, both of Hyde Park.
- " 29. James R. Rogers of Hyde Park, and Sarah M. Ryan of Weymouth.
- May 25. John W. Marshall of Hyde Park, and Alice M. Sylver of Dedham.
- " 1. Albion M. M. Soule of Hyde Park, and Harriet M. Lothrop of Boston.
- " 20. George R. Russell of Hyde Park, and Mary A. Prentiss of Worcester.
- June 10. Dustin McIntire and Helena G. Carr, both of Boston.
- " 24. Edward M. Underhill of Hyde Park, and Lizzie B. Shepherd of Cambridgeport.
- " 17. Charles G. Carleton of Lawrence, and Alice B. Stevens of Nottingham, Vt.
- " 20. Joseph St. Cyr and Mary Johnson, both of Hyde Park.
- " 9. Herbert L. Weller and Carrie A. Wright, both of Dedham.
- " 24. Edwin C. Jenney and Lora J. Pattee, both of Hyde Park.
- " 22. Andrew E. Keating and Hannah A. Dunn, both of Hyde Park.
- " 18. Oscar Anbuchon and Delia Milette, both of Hyde Park.
- " 17. William F. Davis and Margaret F. Holmes, both of Hyde Park.
- June 25. Arthur J. Boswell and Mary A. Smith, both of Hyde Park

- June 1. Wilfred A. Joubert and Louise H. Ryan, both of Hyde Park.
- “ 16. Michael Duffy of Brookline, and Annie Dolan of Hyde Park.
- “ 11. William J. Sweeney and Mary F. Jenkins, both of Hyde Park.
- “ 10. John H. Lambert and Bridget Costello, both of Hyde Park.
- “ 4. Garrot McLaughlin and Mary Flynn, both of Hyde Park.
- “ 14. Guy F. Dinsmore of Hyde Park, and Carrie B. A. Leason of Providence, R. I.
- “ 1. Archibald MacGregor of Hyde Park, and Fanny J. Gushee of Taunton.
- “ 3. Franklin E. Brooks of Hyde Park, and Sara B. Coolidge of Leicester.
- “ 3. Fred H. Welch of Hyde Park, and Nellie Smith of Dorchester.
- “ 17. George H. Higbee of Boston, and Anna Dingwell of Hyde Park.
- “ 28. Bertram B. Stoddard of Hyde Park, and M. Gertrude Stewart of Boston.
- “ 23. Charles P. Gorely of Boston, and Martha D. Coleman of Hyde Park.
- “ 18. Herbert W. Loveland of Boston, and Helen W. Harding of Hyde Park.
- “ 17. Charles D. Swinton and Florence M. Lombard, both of Hyde Park.
- “ 18. Edgar W. Hodgson and L. Gertrude Reynolds, both of Hyde Park.
- “ 15. Michael J. Sullivan and Nellie Wright, both of Hyde Park.
- “ 9. William P. Addison and Harriet L. Lockman, both of Hyde Park.
- July 3. Frederick W. Sullivan of Boston, and Annie Hayes of Hyde Park.
- “ 2. Michael Mulkiran and Mary McDermott, both of Hyde Park.
- “ 10. William U. Fairbairn, Jr., of Hyde Park, and Burnette M. Page of Medway.
- “ 14. Randall Spaulding of Montclair, N. J., and Sarah L. Norris of Hyde Park.

- July 29. Dennis H. Smith of Norwood, and Mary B. Fay of Hyde Park.
- “ 6. Andrew Brustle of Hyde Park, and Catherine Leahee of Boston.
- “ 9. Samuel G. Davidson of Philadelphia, Pa., and Edna J. Howes of Hyde Park.
- Aug. 3. Herbert S. Warren and Nellie L. Sanborn, both of Hyde Park.
- “ 20. John J. McKay of Ashcroft, B. C., and Rebecca S. Elliot of Hyde Park.
- “ 24. William A. Morse of Hyde Park, and Mary C. Haskell of Boston.

The Town Clerk requests information of any omission or error in the above tables, in order that the registration may be as complete as possible.

Respectfully submitted,

HENRY B. TERRY, Town Clerk.

REPORT OF THE BOARD OF HEALTH.

The Board of health, in conformity with the requirements of the Public Statutes, herewith presents its report for the year 1891.

In the performance of its duties, which have been numerous and extended, the board has endeavored to cause as little inconvenience to the citizens as was consistent with the preservation of health.

The Board has met at regular times, and also have had meetings whenever it seemed necessary for the transaction of business.

The Board would again repeat what was stated in the report of 1890, as regards cesspools, drains, and privy vaults, and add, that too great care cannot be had in keeping the same in a proper sanitary condition at all times of the year.

If owners and occupants of dwelling houses and manufacturing plants would observe the foregoing injunction, our town would be in a still better sanitary condition. However, it is gratifying to be able to state that the general health is so good as it is. Marked improvements in sanitary appliances have been made by many of our citizens.

There has been no epidemic of contagious nor infectuous diseases, and the general health has been good; and in comparison with other large cities and towns, Hyde Park holds a high rank. And the Board attributes the same, in a great degree, to the system of removing house garbage and swill.

Early in the year the board decided to employ Frank Hukin and C. H. Crumett to collect swill and house garbage.

at same terms as for previous year, and advertised in the local papers warning citizens that they were the only authorized persons to collect their swill and garbage. The Board also granted C. H. Cummett and F. Hukin permits to remove night soil and contents of cesspools and privy vaults, and limited the times when they could do this work, so that no one should be offended by disagreeable odors.

The following persons were appointed undertakers, to wit: J. Crosby and F. C. Graham.

CONTAGIOUS DISEASES.

Whenever a case of diphtheria, typhoid fever, measles, and scarlet fever has been reported to this Board, a placard announcing such disease has been displayed where such disease existed, in accordance with the requirements of the Public Statutes. When necessary the premises have been disinfected.

The number and kind of diseases reported to this Board are as follows for 1891:

Diphtheria,	13 cases	with	2 deaths.
Scarlet Fever,	8 "	"	1 "
Typhoid Fever,	11 "	"	6 "
Measles,	33 "	"	0 "
Croupus Diphtheria,	1 "	"	0 "
Membraneous Croup,	1 "	"	0 "
Pneumonia complicated, with measles,	1 "	"	0 "

Against 1890.

Diphtheria,	60 cases	with	21 deaths.
Scarlet Fever,	7 "	"	0 "
Typhoid Fever,	38 "	"	6 "
Cynanche Trachealis,	1 "	"	1 "
Measles.	4 "	"	0 "
Number of cases reported,	68.		
" of deaths,	9.		

Against

Number of cases,	110.
“ of deaths,	28.

During 1890.

SWINE.

When it was apparent that no annoyance would arise, persons have been granted permission to keep a limited number of swine.

LOW, WET AND ROTTEN LANDS.

Early in the month of March a formal complaint was made of wet lands lying between Riverside square and East River street.

Notices were given and hearings were held as required by law, and the Board adjudged the premises a nuisance, and advised the several owners of the lands to fill in the same to a proper grade, so that the water which at certain times gathered there might be spread out over a large territory and be more quickly absorbed.

The expense attending this work was \$42 for making plans and maps of this territory, which may be of use at some future time.

There have been numerous other complaints made to the Board in a formal way, to which the Board has endeavored to give prompt and careful attention and furnish remedies as circumstances required.

ANONYMOUS COMPLAINTS.

There have been many anonymous complaints made by mail and otherwise, which the Board could not recognize. It is hoped that persons having complaints will conform to the rules of the Board of Health, when such will be promptly attended to.

The following rules and regulations were adopted early in the season, and were printed in both of the local newspapers, and also were posted in conspicuous places throughout the town.

REGULATIONS OF THE BOARD OF HEALTH

[SEAL]

OF THE TOWN OF HYDE PARK.

PUBLIC STATUTES, CHAPTER 80, SECTION 18. — The Board of Health of a town shall make such regulations as it judges necessary for the public health and safety, respecting nuisances, sources of filth, and causes of sickness within its town. Whoever violates any such regulations shall forfeit a sum not exceeding one hundred dollars.

In accordance with the foregoing provisions of law, this Board makes the following regulations, which will be strictly enforced.

REGULATION 1. — The owner, agent, or occupant having the care of any tenement used as a dwelling house, shall furnish the same with sufficient drain, under ground, to carry off the waste waters; also with a suitable privy or water closet sufficient for the accommodation of all those inhabiting the premises. All waste pipes from water closets, sinks, bowls, bath and other set tubs, shall be suitably trapped, and all drains entering cesspools must be made water tight. There should also be a trap in the soil pipe between the house and cesspool, and provision made to admit air into said pipe between the house and trap.

REGULATION 2. — All privy vaults, unless water tight, shall be so constructed that the inside of the same shall be at least five feet distant from the line of every adjoining lot or street, and from any dwelling house, and shall be provided with a ventilation through the roof; the same shall not be used as cesspools nor receive drainage from the premises; their contents shall not be allowed to leak out or otherwise become offensive.

REGULATION 3. — All waste water shall be so conveyed through sufficient drains, under ground, to a reservoir sunk under ground as shall be approved by the Board of Health. No person shall allow any drain or the overflow of any cesspool to enter any running

stream, or any drain constructed for surface water, and no person shall suffer any house drainage or other offensive water to remain in any cellar, or upon any lot or vacant ground by such person owned or occupied. All privy vaults and cesspools within thirty feet of any well or spring, the water of which is used for domestic purposes, must be water tight.

REGULATION 4. — The Board, when satisfied upon due examination that a cellar, room, tenement or building in the town occupied as a dwelling place, has become by reason of the number of occupants, want of cleanliness or other cause, unfit for such purpose, and a cause of nuisance or sickness to the occupants or the public, may issue a notice in writing to such occupants, requiring the premises to be put in proper condition, or if the Board see fit they may require the premises to be vacated, and the same shall not be again occupied without the written permission of the Board.

REGULATION 5. — No person shall throw or put into any public place or pond, or running stream, or body of water, or in any other place where the Board of Health may deem it a nuisance, any dead animal, animal matter, decayed fruit or vegetables, dirt or rubbish whatever; nor shall any person throw into or upon any flats within the jurisdiction of the town, any dead animals, filth or offensive matter.

REGULATION 6. — No person shall remove or carry in or through any of the streets, lanes or avenues, places or alleys within the town of Hyde Park, the contents of any cesspool, vault or privy well, swill or house offal, (either animal or vegetable,) or grease or bones, unless a permit be granted by the Board of Health upon such terms and conditions as said Board may deem necessary.

REGULATION 7. — No person shall bury swill or house offal, or the contents of any cesspool, vaults, privy, or privy well within the limits of the town of Hyde Park unless a permit be granted by the Board of Health.

REGULATION 8. — Parties will be licensed by the Board of Health to collect swill and refuse matter from houses in Hyde Park twice a week or oftener, and all housekeepers and others are directed to deliver the same to those duly authorized to make such collection.

REGULATION 9. — No person shall bring into the town, keep or offer for sale any diseased, putrid, stale or unwholesome meat, vegetables or provisions.

REGULATION 10. — No person will be permitted to keep any swine

within the limits of the town of Hyde Park without a written permit from the Board of Health.

REGULATION 11. — Any person sick with the small pox or other contagious disease, together with all persons in attendance upon them, and the premises where such sick person is, will be subject to the control of the Board, and no person shall enter or leave a house wherein a person is or has been sick with the disease, or in any way come in contact with the inmates of such house except by permission of the Board.

REGULATION 12. — Whenever the Board of Health shall ascertain that any person is sick with small pox, scarlet fever, diphtheria, or any other disease dangerous to the public health, the Board shall at their discretion have full control of said person or premises, and shall, if they deem proper, order the premises vacated.

REGULATION 13. — All persons are warned not to approach a house or the surrounding premises whereupon is displayed a disease flag by day, or a red light by night.

REGULATION 14. — The bodies of all persons dying of small pox, scarlet fever, typhus fever or diphtheria must be immediately disinfected and placed in a tight coffin, which shall not be reopened, and the bed, bed clothing, and other clothing used by any such person, and by those in attendance on him, and all the furnishings of the sick room, thoroughly disinfected before being taken from said room. In the above case no public funeral will be allowed without permission from the Board of Health.

REGULATION 15. — The owner, or persons having charge of any vehicle, public or private, used at a funeral in the foregoing cases, to carry the deceased, or any of the family or attendants of the deceased, shall forthwith report the fact to the Board of Health, and shall thoroughly disinfect such vehicle before the same is again used, and take such other precaution as the Board of Health shall direct.

REGULATION 16. — Any person in the town of Hyde Park, who knows or suspects any domestic animal has contagious disease (such as glanders in horses or cholera in swine) must immediately report the same to the Board of Health. The penalty for neglect to do so is fine or imprisonment. The above is in accordance with the provisions of Chapter 252 of the Acts of 1887.

REGULATION 17. — All complaints in relation to nuisances and sources of filth injurious to the public health and safety, must be made in writing to the Board of Health, with a description of said

nuisance and of the premises on which it exists, with the owners' name, if known to the complainant. Such complaints must bear the signature of the complainant. Whenever such complaint shall be made as aforesaid, the Board of Health will proceed to examine the premises complained of, and will take measures to abate the nuisance, if such is found to exist.

Fully believing that a large proportion of contagious diseases originate from unsanitary conditions, we trust we shall have the aid of all citizens and property owners in carrying out the above regulations, which are based on statute laws and the sanitary rules of our large towns.

For burial permits apply to A. G. Childs, druggist, 30 Fairmount Avenue.

The following blank form printed on postal cards, with Board of Health of Hyde Park, Mass., on address side, have been furnished to all physicians in the town, so far as known to the Board.

The Board of Health is hereby notified that.....
 age.....living at No.....is ill with
Attending Physician.

NOTE 1. Physicians are required under the Public Statutes, Chapter 98, Section 2, to report immediately *each case* of diphtheria, typhoid fever, scarlet fever, cholera (Asiatic), small pox, typhus fever, measles, membranous croup or cynanche trachealis, to which they may be called.

NOTE 2. In unnumbered streets a favor will be conferred by stating in addition to the name of the street, the nearest cross street.

APPROPRIATION FOR CURRENT YEAR.

The Board of Health would urge the necessity of the town making an appropriation sufficient to enable it to perform the duties more satisfactory to the citizens, and meet the requirements of the law.

FINANCIAL.

The manner of expending the \$1,000 which was appropriated for the use of the Board, and which became ex-

hausted in mid-summer, will be seen by the following financial statement. And in addition to this the Board has incurred liabilities, mainly for collecting swill, of about \$600. The Selectmen kindly paid bills which were very urgent, and to persons employed to do work, *also* necessary for the welfare of the town. It would be greatly to the interest of our citizens should they appropriate a sum sufficient for the Board to carry out contracts with the persons employed.

An unexpended balance from 1890,	44	
Appropriation,	\$1,000 00	
	<hr/>	\$1,000 44
Paid A. G. Childs, services 1890,	\$ 41 25	
D. F. Wood, stationery 1890,	7 25	
Edmund Davis, services 1890,	111 00	
F. Hukin, collecting swill 1890,	48 00	
Wm. Batho, disinfectants 1890,	30	
C. H. Cummett, collecting swill,	288 00	
Frank Hukin, " "	379 00	
S. R. Moseley, printing and advertising,	46 75	
Frank E. Langley, " "	22 50	
Miss Jaynes, type writing,	1 50

Geo. L. Richardson, making plans and maps,	42 00	
J. Corbett, labor,	10 00	
D. F. Wood, postage and P. O. box rent,	57	
	<hr/>	\$1,000 44

There was paid for bills from 1890 the sum of \$207.50, leaving the sum of \$792.50, and to which adding 44 cents from 1890, makes a total of \$792.94 left for the Board to work with.

• Respectfully submitted,

JAS. P. BILLS, M. D.,

JOHN C. LINCOLN, M. D.,

DANIEL F. WOOD,

Board of Health of the Town of Hyde Park, Mass.

REPORT OF THE OVERSEERS OF POOR.

TO THE CITIZENS OF HYDE PARK :

A comparison of the report of the Poor department hereto appended, with the reports of years immediately preceding, will show a marked decrease in the number of persons aided and the amount of expenditures. These facts lead to the conclusion that those who are in the habit of calling for aid, temporarily, whenever unemployed, have been unusually prosperous during the past year. In this connection it seems proper to state that the majority of "temporary aid" applicants, do not belong with us, but constitute a class of people who are naturally improvident and never residing any considerable length of time in any town. There have been a number of deaths among our own poor, and for the first time in many years we begin the new year without charging "full support" for any person other than the insane in hospitals.

Number of persons aided,	3,020
" " " fully supported,	7

CHARLES LEWIS,
JOHN TERRY,
GEORGE W. CHAPMAN,
Overseers of Poor.

REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY.

Since the last report, the Trustees have been compelled to encroach on the space hitherto reserved for a reading room order to provide additional accommodations for books. This has been done in such a manner as not to seriously impair the facilities for work in the Library, and has given considerable additional shelf room. The change, however, is only a temporary expedient, and the extra space secured thereby will soon be occupied.

The library has also been lighted by electricity. A case has been placed in the reading room, and a large number of books of reference placed therein, so that they may be freely consulted without application to the librarian. This has largely increased their use. Arrangements are now being made for the establishment of a branch delivery station at Readville.

As was said last year, the catalogue of 1881 is exhausted, and no new catalogue should be issued until there is an opportunity for a much needed reclassification of books. Any one bringing a copy of the old catalogue to the library will be given in exchange therefor copies of the supplementary catalogues covering books added from 1881 to January 1890. A third supplement, including the additions from the latter date to January, 1892, is now in process of preparation, and will be ready for distribution early in the spring.

During the past year 641 volumes have been added to the library, 30 volumes and 20 pamphlets by donation, and 611 volumes by purchase. The total number of

volumes now in the library is over 12,000. Besides the above, the current magazines are provided for use in the reading room and outside circulation. The total circulation of the library for the past year has been 31,330. There have been 1,095 magazines and 952 volumes used in the reading room. The character of the circulation is about the same as in previous years.

The library fund is now \$6,014.68, and reference is made to the report of the town treasurer for a more detailed statement of its condition and of the receipts and expenses of the library. The property under the care of the trustees is substantially the same as last year, except as increased by the additional books and cases and electric lighting fixtures.

The following donations have been received :

United States Government,	15	Volumes.
“ “ “	18	Pamphlets.
Commonwealth of Massachusetts,	10	Volumes.
“ “ “	2	Pamphlets.
City of Boston,	1	Volume.
Walter Baker Co.,	1	“
John G. Vassar,	1	“
J. C. Dana,	1	“
J. A. Spaulding, Publisher,	1	“

CHARLES F. JENNEY, for the Trustees.

POLICE REPORT.

TO THE HONORABLE BOARD OF SELECTMEN :

Gentlemen : I have the honor to submit my annual report of the police department for the year ending January 31, 1892.

Number of persons arrested,	170
-----------------------------	-----

CAUSES FOR ARREST.

Drunkenness (simple),	109
Drunkenness (common),	7
Assault,	18
Larceny,	3
Rescuing prisoner,	1
Disturbance of the peace,	2
Liquor nuisance,	3
Vagrants,	3
Peddling without license,	1
Malicious mischief,	5
Selling adulterated food,	1
Robbery,	1
Cruelty to animals,	1
Violation of labor law,	4
Insane,	5
Breaking and entering,	4
Burning stable,	1
Burning dwelling,	1
	170

MISCELLANEOUS WORK.

Persons arrested and turned over to officers of other places,	3
Stolen property recovered,	\$405 00
Stores found open at night,	26
Cases investigated without arrest,	126
Search warrants for intoxicating liquor,	4
“ “ “ stolen property,	2
Defects in streets and sidewalks reported,	17
Travellers lodged in station house over night,	2,930

The organization of the police department for the past year was substantially the same as the preceding year, and I feel gratified to report to you that our small force of men for regular duty has not developed bad results ; for we have been, during the past year, as fortunate as in previous years in having but little crime committed in our town ; but what has been our good fortune in the past may not be a safe guide for the future ; and my recommendations in regard to increasing the force of regular night men in last year's report I renew and submit for your consideration. It is with deep feeling and regret that I express to you my sorrow for the sudden death of Benjamin E. Fogg, our efficient and faithful night watchman. The police department lost a valuable officer and the town a good citizen. He commanded the respect and support of all who knew him, and in the discharge of his official duties he was ever faithful to his trust.

CHARLES E. JENNEY,
Chief of Police and Keeper of Lockup.

ENGINEERS' REPORT.

TO THE HONORABLE BOARD OF SELECTMEN :

Gentlemen : We herewith present to you our annual report for the year ending Jan. 31st, 1892, together with a record of fires and losses.

The department has responded to eighteen alarms the past year, and, owing to the promptness in answering these alarms, the town has been saved from serious losses.

Last year we recommended the addition of more hydrants, and we would respectfully call your attention to the matter again this year. We consider this to be a very important subject, as many parts of our town would suffer serious loss in case of fire owing to the long distance from water supply, and we earnestly hope that an article will be placed in next warrant to see if town will vote to contract for fifty or sixty more hydrants, provided a reasonable figure can be obtained from the Water Company for same.

The apparatus is all in good condition, except Hose Co. No. 1 Reel, which is not fit for much further use, and we have contracted with the Abbott Downing Company to build a Hose Wagon to take place of No. 1 Reel, to be delivered about May 1st.

The Fire Alarm has given perfect satisfaction, and we feel that this branch of our department is second to none, as it has done its work perfectly, owing to the care and attention given it by E. A. Hawley as Superintendent.

OFFICERS AND NUMBER OF MEN.

The following is a list of officers and members of department:

W. W. HILTON, Chief Engineer.
 J. H. McKENNA, Clerk.
 R. CORSON, Assistant Engineer.

Hose Co. No. 1.

E. W. BULLARD, Foreman.
 C. M. WANDLASS, Assistant Foreman.
 W. W. SCOTT, Clerk, and five men.

Hose Co. No. 2.

E. A. MARSTERS, Foreman.
 W. MATTHEWS, Assistant Foreman.
 W. G. ROBINSON, Clerk, and six men.

Hose Co. No. 3.

J. H. O'BRIEN, Foreman.
 D. W. MAHONEY, Assistant Foreman.
 C. H. GALLIGAN, Clerk, and two men.

Hook and Ladder No. 1.

W. HOLTHAM, Foreman.
 B. RAFTER, Assistant Foreman.
 W. R. McDUGALD, Clerk, and seven men.

Chemical Engine Co. No. 1.

MALCOLM ROGERS, Foreman.
 W. J. FOLEY, Clerk, and three men.
 E. A. HAWLEY, Steward and Sup't Fire Alarm.

AUDITORS' CERTIFICATE.

In compliance with the By-laws of the Town the undersigned have examined the accounts of the Selectmen, School Committee, Collector of Taxes, Town Treasurer, Commissioners of Sinking Fund, Trustees of the Public Library, Overseers of the Poor, and Board of Health, and hereby certify that the same are correct, and all payments accompanied by proper vouchers.

WALLACE D. LOVELL,
CHARLES F. MORRISON,
ASA J. ADAMS,

Auditors.

BY-LAWS.

NOTIFICATION OF TOWN MEETING.

Every town meeting shall be notified by posting copies of the warrant calling the same, in ten public places in the town, seven days, at least, before the day appointed for said meeting.

ANNUAL TOWN MEETINGS.

The annual town meeting for the election of town officers shall be held on the first Monday of March of each year. The meeting shall be opened at seven o'clock A. M., and the polls shall be kept open until sunset.

A town meeting shall also be held annually between the first Monday of March and the first Monday of April, for appropriating such sums of money as may be necessary for town purposes, and for transacting such other business as may legally be brought before said meeting.

RULES FOR THE GOVERNMENT OF TOWN MEETINGS.

1.—All questions submitted for the consideration of the town, involving the expenditure of money, shall be in writing, when so required by any legal voter.

2.—No vote fixing the period for closing a ballot shall be reconsidered after such ballot shall have commenced; but it may be in order to extend the period without such reconsideration.

3.—When a question is under debate motions shall be received to adjourn, to lay on the table, the previous question, to postpone to a certain time, to postpone indefinitely, to commit, or to amend; which several motions shall have precedence in the order in which they are herein arranged.

4.—The powers and duties of the presiding officer, not especially provided for by law, or by the foregoing rules, shall be determined by the rules of practice contained in "Cushing's Manual," so far as they are adapted to the condition and powers of the town.

5.—No vote shall be reconsidered except upon a motion made within one hour after such vote has passed, unless such reconsideration is ordered by a vote of two-thirds of the voters present and voting

FINANCIAL YEAR.

The financial year of the town shall begin with the first day of February in each year, and end on the thirty-first day of the following January.

The selectmen, overseers of the poor, board of health, surveyors of highways, and school committee shall post in some conspicuous place at their official rooms, a notice of the times of their respective meetings.

COLLECTION OF TAXES.

1.—The assessment of taxes shall be completed, and a list of the same delivered to the collector, on or before the first day of August of each year.

2.—All taxes which may be assessed, if paid on or before the first day of October next after the assessment, shall be entitled to such discount as the town shall vote at its annual meeting. All taxes shall be due and payable on or before the first day of November next following the assessment of said taxes.

3.—On the first secular day of each month, the collector shall pay over to the town treasurer all the taxes collected by him, and he shall, on or before the first day of February in each year, make up his account and render the same to the auditors.

DUTIES OF THE AUDITORS.

1.—The auditors shall examine the accounts of the selectmen, school committee, treasurer, collector, trustees of the public library, and all other officers or committees entrusted with the expenditure of money, quarterly, and shall certify as to the correctness of the same in the printed annual report.

2.—Before certifying to the accounts of the treasurer, they shall examine his cash book, wherein shall be entered his receipts and payments, as they occur from day to day, shall see that he has paid out no moneys except on proper vouchers, carefully examine all payments for interest, and see that the funds on hand are intact.

3.—Before certifying to the collector's accounts, they shall examine his cash-book, showing the amounts collected from day to day, and showing when the same were paid over to the treasurer; shall see that he has collected interest on all taxes overdue, and shall see a complete list of abatements, and also a list of unpaid taxes.

4.—They shall see that the accounts of the trustees of the public library are kept in a correct manner, and that all payments are accompanied with proper vouchers.

COASTING.

Coasting on any of the public streets of the town is prohibited, except upon such streets as the selectmen may designate each year by public notice.

HIGHWAY AND POLICE REGULATIONS.

1.—No building shall be removed over a public street without the written permission of the selectmen.

2.—The owner of such building, or the person or persons removing the same, shall give a bond in such penal sum, and with such sureties as the selectmen shall determine, with condition to reimburse the town for all sums of money which it may be liable or compelled to pay in consequence of such use of the highways.

3.—No person except the selectmen or the surveyors of highways, in the lawful performance of their duties, or those acting under their orders, shall break or dig up the ground in any street or public way in the town, without first obtaining a written permit from the selectmen; and all persons acting under such permit shall put up and maintain a suitable railing or fence around the part of the street so broken up, so long as the same shall remain unsafe or inconvenient for travellers, and he or they shall keep one or more lighted lanterns fixed to such railing or fence, or in some other way exposed every night from twilight in the evening through the whole night, so long as such street or way shall be or remain unsafe or inconvenient for travellers.

4.—No person shall ride or drive a horse in any street in the town at a rate faster than eight miles an hour.

5.—No person shall, without the written consent of the selectmen, play at any game in which a ball of any kind is used, or fly a kite, or throw or shoot stones, arrows, balls, snow balls, or other missiles, or discharge any gun, cannon, or firearm, or make any bonfire or other fires in any street or way where the public have a right to pass.

6.—No person shall propel, drive, wheel or draw any bicycle, tri-cycle, cart or vehicle of any kind whatsoever except a child's carriage drawn by hand, nor use roller skates upon or over any sidewalk in this town, nor permit nor suffer any horse, cattle, swine or sheep, belonging to him or under his care or keeping, to go upon or over the same, nor suffer any horse to remain hitched across, or upon, or otherwise obstruct or injure, any such sidewalk.

7.—No person shall hitch or fasten any horse to any ornamental tree standing or growing on or near any sidewalk, or to the boxing or guard about said tree, without the consent of the owner thereof.

8.—No person shall without a written license from the selectmen place or cause to be placed, or suffer to remain within the limits of a street or upon any sidewalk, so as in any manner to obstruct the travel thereon, any vehicle, wood, coal, manure, dirt, gravel, stones, building material, barrels, boxes, merchandise, or any rubbish or obstruction whatever.

9.—No person shall carry in a public street, house-offal, either animal or vegetable, or grease, or bones, or the contents of cesspools or vaults, unless he has been expressly licensed therefor by the Board of Health, upon such terms and conditions as said board may deem that the health and interests of the town require.

10.—Loud crying of wares or merchandise, or hallooing, hooting or making loud and unseemly noises on the public streets or squares of the town, to the annoyance of the citizens, is prohibited.

11.—No person shall behave in a rude, indecent or disorderly manner, or use profane, indecent, or insulting language, in any public place, or on any sidewalk or street in the town, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, or be or remain upon any sidewalk, street, or crossing, or about doorways or places of business, to the annoyance or disturbance of any person.

12.—Three or more persons shall not continue to stand or remain in a group or near to each other, on any sidewalk or street or crossing, or in any public place, in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on.

13.—No person shall be or remain in any doorway, or upon any stairs, doorstep, portico or other projection from any house or building, or upon any wall or fence on or near any street or public place, after having been requested by the owner or any occupant of the premises or by any constable or police officer to remove therefrom.

14.—No person shall make any indecent figures, or write, print, paint, or cut any obscene word or words upon, or deface, break or injure in any manner, any fence, post, sign, street lantern, building or structure; or commit a nuisance upon any sidewalk or other place resorted to by the public, or against any tree, building or structure adjoining a sidewalk.

15.—No person shall extinguish any street light, or extinguish or remove any light placed to denote an obstruction or a defect in any street or way, without proper authority.

16.—No person shall swim or bathe in any of the waters within the limits of this town, so as to be exposed in a nude state, to the view of any person passing or being upon any railroad or street or in any dwelling-house in this town.

17.—No person shall intermeddle with any hydrant, gate, gate-box or water pipe placed or located within the limits of any public way in this town, without permission from the selectmen or the Hyde Park Water Company.

PASTURING OF CATTLE OR OTHER ANIMALS ON STREETS OR WAYS.

No person shall pasture any cattle, goat or other animal upon any street or public way in said town, either with or without a keeper, except within the limits of such way adjoining his own premises, and field drivers are instructed to enforce this by-law.

TRUANTS.

1.—This town hereby avails itself of the several provisions of the statutes of this commonwealth, now in force, relating to habitual truants and absentees from school

2.—All children convicted of habitual truancy hereunder, and children between the ages of seven and fifteen years, residing in said town, and who may be found wandering about the streets or public places of said town, having no lawful occupation or business, not attending school, and growing up in ignorance, may be committed to the Lawrence Industrial School, at Lawrence, Mass., or to any house of reformation which has been or may hereafter be established by the County Commissioners of the County of Norfolk, or to any place provided by this town within its limits, for confinement, instruction and discipline.

3.—Two or more truant officers shall be appointed annually, whose duty it shall be to inquire into all the violations of the truant laws, and of the law relating to compulsory education, and to do all the acts required of them by the laws of the Commonwealth.

4.—It shall be the duty of every truant officer, previous to making any complaint under these laws, to notify the truant, or absentee from school, also his parent or guardian, of the offence committed, and of the penalty therefor, and if the truant officer can obtain satis-

factory pledges for the restraint and reformation of the child, he may, at his discretion, forbear to prosecute so long as such pledges are faithfully kept.

5.—It shall be the duty of the School Committee, the teachers of the public schools, and the citizens generally, to aid the truant officers as far as possible in the discharge of their duties.

6.—It shall be the duty of the truant officers to keep a full record of all their official acts, and make an annual report thereof to the School Committee, who shall publish the same with their own report.

7.—Nothing in these by-laws shall be so construed as to alter or impair the obligation and duty of teachers to enforce punctuality and regularity of attendance, and to preserve good order and discipline.

LIST OF TAX-PAYERS.

The names of all persons paying a tax on real or personal property shall be published annually in the town reports, together with the amount of tax assessed upon each, and whether the same is paid or unpaid.

DUTIES OF TOWN CLERK.

The Town Clerk shall keep a file of all town reports, reports of all committees chosen by the town, and all original documents relating to the affairs of the town which may come into his possession; he shall, as soon as practicable after any election has been held by the town, in addition to the notices he is now directed to give to officers who are required to take an oath of office, also issue a written or printed notice to all persons who have been elected to any other office, or chosen to serve on any other committee, stating the office to which such person has been elected, or the duties which such committee was chosen to perform.

CONTRACTS MADE IN BEHALF OF THE TOWN.

Every contract exceeding one thousand dollars shall be accompanied by a suitable bond for the performance of the same, or by the deposit of money or security to the amount of such bond.

ACTIONS AT LAW.

The selectmen shall have full authority, as agents of the town, to employ counsel to institute and prosecute suits in the name of the town, and appear for and defend suits brought against it, unless otherwise specially ordered by a vote of the town.

CONVEYANCING.

Whenever it shall be necessary to execute any deed conveying land, or any other instrument required to carry into effect any vote of the town, the same shall be executed by the selectmen, or a majority of them, in behalf of the town, unless the town shall otherwise vote in any special case.

BY-LAWS IN RELATION TO THE PREVENTION OF FIRES.

1.—It shall be the duty of every person who shall commence the erection of any building within the town of Hyde Park to notify the Board of Engineers thereof before he shall commence building the chimneys therein.

2.—All chimneys in wooden buildings shall be built of brick, stone, or other fire-proof non-conducting material. All brick flues shall be smoothly plastered *inside* with mortar from top to bottom or lined with earthen pipe, and shall be plastered *outside below the roofing*.

3.—In no case shall chimneys rest upon any flooring without a footing of masonry or iron supported by iron beams, having a secure bearing of masonry or iron at either end.

4.—All flues shall be topped out at least four feet above the roof of the building to which they belong. The brick topping out of chimneys shall not have more than two inches projection unless covered by a cap of metal or stone properly secured.

5.—Hearths of fireplaces or grates shall be laid upon brick or other trimmer arches, or upon bars of iron supporting a bed of brick-work.

6.—No wood-work of any kind shall be placed at a less distance than one inch from the outside brick-work of any flue. In no case shall a nail be driven into the masonry of any flue.

7.—No wood-work shall be placed at a less distance than one inch from any tin or other metal flue or flues, pipe or pipes, used or intended to be used to convey heated air or steam in any building, unless such flues or pipes shall be cased with metal, leaving a free circulation of air all around the same.

8.—No smoke pipe in any such wooden or frame building shall hereafter enter any flue unless the said pipe shall be at least twelve inches from either the floors or ceiling; and in all cases where smoke pipes pass through stud or wooden partitions of any kind, whether the same be plastered or not, they shall be guarded by either a

double collar of metal, with at least four inches of air space and holes for ventilation or by a soap-stone ring, not less than three inches in thickness and extending through the partition.

9.—The Board of Engineers shall examine into all shops and other places where shavings or other combustible material may be deposited or collected, and at all times be vigilant in the removal of the same, whenever, in the opinion of a majority of them, the same may be dangerous to the security of the town from fires; and direct the owner, tenant, or occupant of said shops, or other places, to remove the same; and in case such owner, tenant or occupant, refuses or neglects so to do, shall cause the same to be removed at the expense of such owner, tenant or occupant.

10.—It shall also be the duty of said engineers to take cognizance of all buildings in the town in which any steam engine shall be used, and of all buildings in town in process of erection or alteration, and to make a record of such buildings as in their judgment may from any cause be dangerous, and report the same to the selectmen forthwith. And whenever in the opinion of the majority of the Board of Engineers, any chimney, hearth, oven, stove, stovepipe, fire frame or other fixtures, or any camphene or other explosive or inflammable fluid or material, or whatever else may give just cause for alarm, should be altered, repaired or removed, they, the said engineers, shall forthwith notify and direct the owner, tenant, or occupant of the premises upon which the same are situated, to alter, repair or remove the same, as the said engineers shall direct. And in case such tenant, owner or occupant shall refuse or neglect so to do, the said engineers shall cause the same to be removed, altered or repaired at the expense of such owner, tenant or occupant. And any person who shall obstruct the engineers, or any of them, in carrying out the provisions of this section, shall be liable to the penalty hereinafter stated.

11.—The removal, extension or essential alteration of any building; also the rebuilding or repairing of any building which has been partially destroyed by fire, shall be subject to the same restrictions as are imposed by the foregoing By-laws on the erection of buildings.

PUBLICATION OF BY-LAWS.

The Selectmen shall publish these By-laws annually in connection with the town report.

PENALTIES UNDER THE BY-LAWS.

Every violation of any of the foregoing By-laws shall be punished by a fine of not less than one dollar nor more than twenty dollars, to be recovered by complaint before any trial justice in the County of Norfolk, or any other court having jurisdiction.

PROSECUTION UNDER THE BY-LAWS.

Any citizen may, and the selectmen, constables, and police officers shall, prosecute every violation of the foregoing By-laws, by complaint before any trial justice in the County of Norfolk, or any other court having jurisdiction.

LIMITATION OF ACTIONS.

No person shall be prosecuted or tried for any breach of the provisions of any By-laws of this town, unless the complaint for the same shall be instituted and commenced within six months from the time of committing such breach.

All By-laws or parts of By-laws of this town heretofore existing are hereby repealed, and these By-laws of the town of Hyde Park shall go into effect from and after their adoption by the town and their approval by the Superior Court or any Justice thereof.

Commonwealth of Massachusetts. Norfolk, SS.

HYDE PARK, November 17, 1886.

At a meeting of the legal voters of said town of Hyde Park, held in Everett Hall, on Wednesday, the seventeenth day of November, in the year of our Lord eighteen hundred and eighty-six, the foregoing By-laws were adopted by said town.

Attest:

HENRY B. TERRY, *Town Clerk.*

Commonwealth of Massachusetts. Norfolk, SS.

SUPERIOR COURT, December Sitting, 1886, to wit: January 26, 1887.

The foregoing By-laws are hereby approved.

By the Court.

REPORT OF THE SCHOOL COMMITTEE.

TO THE CITIZENS OF HYDE PARK :

The year just closing has been marked by no events in the school department to distinguish it from that which immediately preceded it. The same system has prevailed and with a few exceptions the same teachers have been employed. We have tried to make the school work meritorious and to furnish the children with as good opportunities for fitting themselves for the duties of citizenship as the means at hand would permit. How far we have succeeded the future characters of the children must answer. Mental development is hard to measure, it is therefore difficult for us to ascertain just how far school work in any one year is successful in moulding character and fixing it with those traits of honesty, sobriety, diligence, self-reliance and strength of reason necessary to a good citizen and a successful business man.

While there are many new theories as to systems and methods of work, each having advocates, we are well aware that many of these are experimental and that all cannot be tried during the short time allowed the children for school work. A change of methods is always attended with much risk, as should the change prove for the worse rather than for the better, pupils will sustain a loss which cannot be made good without a sacrifice of time, if at all. We have therefore been conservative in these particulars during the year.

Mr. Andrew Washburn who has served upon this committee since 1878 tendered his resignation in November.

By this resignation the town loses a competent official and the Board a valuable member. Mr. Washburn's long experience in school affairs here and elsewhere made him an excellent judge of the various matters affecting the welfare of your schools. Mr. Henry S. Bunton was elected in convention with the Selectmen to this vacancy and assigned to the various positions on sub-committees previously held by Mr. Washburn.

HIGH SCHOOL.

Mr. Jere M. Hill, master; Mr. Emerson Rice, Mr. George F. Freeman, sub masters; Miss Sarah L. Miner, Miss Anna W. Edwards, Miss Isabel Eaton, since Sept. 1891, assistants,

Graduates (four years' course).—Elizabeth A. Beatey, Theodore A. Blaisdell, Perley H. Blodgett, Mary H. Corbett, James T. Hanchett, Bertram P. Huggins, Annie E. Lane, George W. Lockwood, Martha R. McClellan, Florence G. Page, Eugene F. Slocomb, Mabel C. Snow, Lizzie B. Stearns, Walter S. Tower, Nettie M. Upham, Blanche G. Whittier, George H. Wyman.

(Business course).—Wilard S. Davis, Charles A. Gould, Samuel C. Hill, Ernest A. James, Irving C. McLeod, Grace E. Morrison, Harriet J. Morrison, Harriet J. Richardson, Albert B. Smith, William T. Swinton.

Statistics :

Whole number of different pupils,	243
Average membership,	176
Average attendance,	165
Per cent. of attendance,	.95
Amount of teachers' salaries,	\$5008 00
“ of janitors' salaries,	200 00
“ expended for fuel,	296 50

GREW SCHOOL.

Mr. Frank H. Dean, master; Miss Mary A. Winslow, master's assistant; Miss Margaret A. Hanlon, Miss Margaret E. Bertram, Miss Mary D. Pollard, till Dec. 1891; Miss Blanche L. Bright, since Dec. 1891; Miss Harriet Gordon, till July 1891; Miss Abbie A. Sutherland, since Sept. 1891; Miss Fanny J. Gushee, till April 1891; Miss Belle D. Curtis, since April 1891; Miss Fanny E. Harlow, Miss Agnes J. Campbell, Miss Nellie M. Edson, till July 1891; Miss Edna Cherrington, since Sept. 1891; Miss Nellie M. Howes, Miss Bessie Sparrell, teachers.

Graduates.—Bertha L. Andrews, Mary A. Rooney, Mary J. Conroy, Adah Childs, Nellie Somes, Marguerite Albrink, Carrie Kollock, Nellie M. Richardson, Frank Wood, John L. Sweeney, John P. Scott, Howard M. Burgess, Maud M. Ford, Edwin Samuels, Edward Crowley, Mary P. Jank, Horace Sears, Edward McMillan, Harry

Tuttle, Maud L. Saunders, Hattie H. Dodge, Kate Farlin, Arthur Evans, Perley Taylor, Henry Hill, Harold Ayer, Stanley Cowperthwaite, Oscar Church, Florence Cowperthwaite, Michael Downey, William A. Sweet, Sidney Davis, Thomas O'Brien, Dollie Shaw, Louie Whitcher, Blanche Vaughan, Annie L. Olsen, Harry Carlisle, Daniel Ford.

Statistics:

Whole number of different pupils,	487
Average number of pupils,	453
Average attendance,	415
Per cent. of attendance,	91
Amount of teachers' salaries,	\$6,620 00
“ “ janitor's salary,	330 00
“ expended for fuel,	436 10
“ expended for incidentals,	849 22

The janitor of this building was paid for services during the summer vacation, as it was deemed prudent to have the building properly cared for while the workmen were engaged in putting in the steam heating plant.

In addition to the amounts expended for incidentals at the several schools above, an additional sum of \$834.40 has been used for purposes of benefit to all the schools and in such manner that it cannot be exactly apportioned.

APPROPRIATIONS AND EXPENDITURES.

At the annual appropriation meeting, and subsequently, the citizens voted for the support of schools the following sums:

Salaries, janitors and fuel,	\$29,800 00
School incidentals (March 3),	3,400 00
“ “ (Dec. 30),	1,500 00
Text books and supplies (March),	1,500 00
“ “ “ (Dec. 30),	1,000 00
Evening schools,	500 00
Industrial schools,	100 00
Steam heating for Grew School,	2,500 00
	—————\$40,420 00

Unexpended balance from last year —

School incidentals,	\$ 35 37	
Text books and supplies,	179 10	
Evening schools,	181 34	
Industrial schools,	57 26	
High School laboratory,	396 74	
	————	\$849 81

In the appropriation for salaries there was an actual deficit of \$210.13, which has been paid from the appropriations of this year.

It will be seen from the above that you have placed the sum of \$41,269.81 at our disposal to cover the various needs of your schools and school property.

Disbursements have been made from this sum as follows :

For teachers, janitors and fuel,	\$29,457 76	
“ “ for last year,	210 13	
“ Text books and supplies,	2,667 82	
“ Incidentals,	4,935 19	
“ Evening schools,	707 79	
“ Industrial schools,	133 23	
“ Laboratory,	97 08	
“ Steam heating for Grew School,	2,499 00	
	————	\$40,708 00

Leaving a balance of \$561.81 unexpended.

The annual appropriations were made upon our estimates of the necessities of this department, based upon conditions existing at the beginning of the year, with allowance for some changes in salaries at the High School.

As the year advanced it became evident that extraordinary expenditures were necessary at the Greenwood building.

These the Committee met by heavy drafts upon the incidental appropriation, which left that fund unequal to the wants of the year. Not only were our estimates too small for incidentals, but the large demand for new books during

the summer totally exhausted the money given for text books and supplies, besides leaving many bills unpaid.

To meet the deficiencies thus caused, we requested the Selectmen to call a town meeting, which they did in December. At this meeting the citizens voted us \$1,500 for incidentals and \$1,000 for text books and supplies. These sums enabled us to pay the expenses and begin the new financial year substantially free of debt.

It has been the policy of the Committee to ask the town for the least amount at the annual meetings, for which the schools can be carried on without injuring their standing and efficiency. Consequently, any extraordinary demand has to be met by subsequently asking additional appropriations. If the Committee asked for and received amounts to cover contingencies that might arise during the year, subsequent appropriations would not be necessary.

ACCOMMODATIONS.

In no department of the town's affairs can its rapid growth be so apparent as in this. With each new family comes new scholars, for which we must provide.

It is the *whole number* that must be accommodated. Each member of a school *must* have his desk and books, whether regular in attendance or otherwise.

The Greenwood district seems now to be increasing more rapidly than any of the others. This building now has one room on the third floor, making nine in all. These rooms, at the end of the present school year, will all be filled. What shall be done next year to meet the natural increase of scholars in this section? Parents and taxpayers this is a question for your consideration.

For nearly twenty years no new school buildings have been required, and only about ten thousand dollars has been

expended in enlarging the old structures to meet the wants of the schools. During that time the town has nearly doubled its population and largely increased its valuation.

When the citizens in 1870, '71 and '72 provided the four large buildings now in use, it was said to have been done to cover the wants of our schools during the then next fifteen or twenty years. We are now at the end of twenty years; these buildings have met the demands for which they were intended. These buildings being now practically fully occupied, the time has *now come* when the necessities of this department is forced upon us, and now demand careful consideration and judicious action at the hands of the citizens.

The High School building is at present overcrowded. Two hundred pupils are enrolled upon the register of this year. The present whole number is one hundred and ninety-five.

The proper seating capacity of the assembly rooms is but one hundred and sixty nine. The excess above this number is placed in a recitation room subject to all the inconveniences of change of classes and teachers. With this large number of our young men and women has come a popular demand for a broader course of study, which has compelled the additions and improvements that appear more fully in the sub-committee's report. These changes involve better facilities; aside from these considerations, the smallness of the rooms, with old systems of heating and ventilation, are a standing menace to the health of teachers and pupils. In view of the conditions existing at this school, we have had the matter of a new building brought before the town, and it has been referred to the Selectmen and this committee for examination and report.

We feel that the time has *again come* for the town to provide a new school building, large enough for the wants of

the High School for many future years, and to equip it with modern improvements and facilities in keeping with the enterprise of our town. We do not feel that the present exigency is one to be met by further "make shifts." These have served their purposes in the past, and any further action in that direction, we believe, will be injurious to the school, a waste of money and not creditable to the good name of our town.

Should our views be adopted, the old building can be used for the relief of the Greenwood and other buildings as necessities arise.

It must be borne in mind that nearly or quite a full year will be needed to erect a new High School building, such as the public and permanent character of the structure requires, therefore, should this building be voted at once, the High School, with its increased numbers of next year, must be crowded into the present building one year more.

In view of all these facts and conditions, we feel that our duty to the schools and to your children demands that this matter be *urged* upon your attention, and we strongly recommend that *immediate* action be taken to meet the requirements of the town in this matter. As public officers in the conscientious discharge of our duties, the necessities of this school forbid us to remain silent.

TEACHERS.

It is apparent to those directly connected with school management that the call for expert teachers has greatly increased during the past few years. Normal graduates and teachers with successful experience or with careful training in training-schools are now in greater demand and command higher salaries than formerly.

School officers realize that the one thing without which

all methods must fail is the good teacher. There have been instances where persons have proved successful teachers without these advantages, but such persons were natural teachers and easily became experts. There is a demand among our citizens that the young ladies of our town have positions as teachers in the public schools without any experience or professional training.

It has been the policy of the committee to heed this demand where the applicant was found qualified and likely to become a successful teacher. Your schools present many examples of such judicious selection. This course is, however, always attended with the danger consequent upon placing an untried person in a new field of labor for which he has no special training. It often results in such cases that one or more terms of school fail of results such as might have been obtained under a skillful instructor.

It is a serious question how far a committee is justified in placing the time of the pupils to such hazards.

There have been some changes of teachers during the year; these will be seen by a reference to the reports of the sub-committees. Nearly all of these changes have been caused by our inability to pay larger salaries. The teachers during the past year have cordially supported our efforts in the work of this department, and we cheerfully extend to them our thanks for their faithful labor in our schools during the past year.

SALARIES.

The schedule of salaries remains as last year, except in the High School. In June Mr. Hill's salary was increased from \$1,800 to \$2,000, the sum paid Mr. Elliot at the time of his resignation.

Mr. Freeman's salary was advanced from \$550 to \$800,

and Miss Miner, in view of her long and faithful work in the school, was advanced from \$600 to \$700.

The advance given Mr. Freeman was occasioned by the demand for a military instructor. It is not easy to obtain a sub-master who can take charge of this branch of the course. The sub-committee found that a special teacher in the drill would cost at least the amount of advance required as above to retain Mr. Freeman, who had charge of that branch last year and gave great satisfaction by his careful and thorough work. Had this advance not been made Mr. Freeman would have accepted a call elsewhere at the salary now paid him.

A glance at the last State Report of the Board of Education will show that our town is paying salaries to its female teachers below the average of cities and towns in our vicinity. The committee has been reluctant to advance the schedule rate of the Grammar and Primary teachers in view of the desire of the citizens to hold the yearly expenses as low as possible. It is true however that an increase of all of these salaries, to a maximum of \$500 per year, would enable us to secure and retain teachers, whose services would aid materially in the good work desired from the schools. Such an increase would hardly carry our average rate above that of neighboring towns.

COURSE OF STUDY.

At the time of our last report this matter was under consideration by a sub-committee. This committee reported in July, and recommended several changes in the work of the schools. A change of some of the text-books was also recommended. This report was carefully considered at several special meetings of the full committee and after some amendments it was adopted in August. At the same time the

Rules and Regulations of the Committee were revised, as were also the General Instructions for teachers. As amended and revised, the Rules and Regulations, General Instructions, and Course of Study were printed and furnished for the use of teachers in September. The changes made we believe have been justified by better work.

TEXT BOOKS.

The changes of text books doubtless caused some increase in expenditure, but when it is considered that many of the old books displaced would have been replaced by new books of the same kind at full price, whereas by the change new books were obtained at exchange prices which are much less, the net increase of cost to this town caused by the change must be comparatively small. Changes were made in Arithmetics, Readers and Spellers. Greenleaf's Arithmetic, Davis's Readers and Metcalf's Speller being substituted for Davis & Peck's Arithmetics, McGuffey's Readers and Worcester's Spellers.

ATTENDANCE.

It gives us pleasure to be able to state that the school attendance has not been interrupted by contagious diseases.

Whether from the fact of the free use of disinfectants and careful attention to the sanitary conditions in and about our school buildings or from other causes, it is true that the schools of Hyde Park have been remarkably fortunate in their freedom from such diseases for a long number of years.

An examination of the tables annexed to this report will give accurate information under this head.

The efficient services of Mr. A. D. Rooney as truant officer is not without its effect in this matter.

Parents can aid the schools greatly by exercising care that the children are regularly and promptly sent to school.

STANDARD OF SCHOLARSHIP.

Last year the committee adopted a rule requiring an average of seventy-five per cent. from the graduates of the Grammar School. None were allowed to take diplomas or to enter the High School who had failed of this mark. The same rule was adhered to this year. The good effect of the rule last year was apparent in the work of the Grammar graduates this year. One hundred candidates for graduation were examined by the committee in June. Of this number but eight failed to obtain the required mark. Last year a class of ninety-seven was examined, of which twenty-three failed. This fact would indicate that the claims of the committee in behalf of the rule were justified.

MUSIC.

At the time of our last report it was recognized that the work in music for some cause was not satisfactory.

The matter was then in the hands of a Sub-Committee for careful investigation. In June the matter of the election of a music teacher was referred to this Committee, and later in the year this Committee submitted a report.

Meantime our former music teacher severed his connections with our schools.

Subsequently the Sub-Committee recommended the employment of Miss Dodge, a graduate of Salem Normal School, and a pupil of Prof. John W. Tufts for the position of music teacher in our schools.

She was employed upon probation of three months. Her work is awakening a good interest in the schools and gives promise of creditable results. Miss Dodge's permanent employment is only dependent upon acceptable work.

MILITARY DRILL.

The town having appropriated the funds in March to fully

equip the boys of High School, the necessary swords and muskets were procured and work has been carried forward with much interest.

The use of the Y. M. C. A. Hall was procured for one hour upon each of two days in a week for drill purposes during cold weather.

In May a public exhibition was given and prizes were awarded. It was the judgment of those who then witnessed the work of the boys that the work was very creditable.

The interest in this branch of the course is fully maintained and we believe is very beneficial both for the lads and the school.

TEACHER'S INSTITUTE.

It was the pleasure of the Committee to welcome Mr. J. T. Prince, Agent of the State Board of Education with an able corps of assistants in his educational work in October.

The High School building was placed at his disposal and all of the schools were closed for the day that the teachers might gain the benefits to be derived from the lectures given upon various educational topics. Teachers were present from Dedham, Norwood, Sharon, Milton, Walpole and a few from Attleboro, about 150 in all.

The programme of exercises was arranged for Primary, Grammar and High Schools. Mr. Dickinson, Secretary of the State Board opened the Institute with a general lecture upon "Methods," which was listened to with much pleasure by all interested in school work. The subject was handled with great skill and presented with remarkable clearness and force.

The exercises were full of interest and must have been very beneficial to those in charge of schools both officers and teachers.

We hope that the State Board will be able to visit us again at some time in the near future and aid and encourage us by their influence and suggestions.

STEAM HEATING.

For a number of years complaints have been made that Grew School building could not be properly warmed, notwithstanding the Committee had supplied double windows in all exposed places and had furnished six furnaces which consumed nearly or quite 90 tons of coal per year.

This matter was brought to your notice in the report of the local committee of last year. Upon careful inspection of the condition of the furnaces in March, this board felt warranted in bringing this subject before the town and recommending a special appropriation of \$2,500 to provide this building with steam heat.

Upon a presentation of the facts at the annual meeting the citizens voted the above sum for this purpose.

Mr. Hathaway was added to the present local committee and given power to expend this money, and their report is hereto annexed.

The winter thus far has been mild, with the exception of a few days. So far as we are now advised the plant gives satisfaction except in one room. In this room whether from lack of sufficient heating surface, or from other cause the required temperature cannot be readily obtained if at all.

The attention of the Exeter Machine Works has been called to this matter, and stand ready to do whatever may be found necessary to meet the terms of their contract.

It is a pleasure to visit this building upon a wintry morning and to find it evenly warmed throughout and to know that the children can pursue their work with comfort.

REFERENCE BOOKS.

If there is any one thing that our schools need more than

any other at present it is reference books. It would aid the work of our schools very much if each building was supplied with a small, but well selected library of such works.

REMARKS.

It is often the case that citizens comment upon the amount of work which is required of them in the public school. The wisdom of taking up so many branches is often questioned. The wisdom of a High School course is also a subject of criticism. These are proper subjects of discussion among parents, but to a great extent the Committee is powerless to make any changes. For general information I quote here the Public Statutes of the Commonwealth upon these subjects.

CHAP. 44, SEC. 1.—“In every town there shall be kept; for at least six months in each year, at the expense of said town, by a teacher or teachers of competent ability and good morals, a sufficient number of schools for the instruction of all the children who may legally attend public school therein, in orthography, reading, writing, English, grammar, geography, arithmetic, drawing, the history of the United States,” and good behavior. Algebra, vocal music, agriculture, sewing, physiology, and hygiene shall be taught by lectures or otherwise, in all public schools in which the School Committee deem it expedient.”

SEC. 2.—“Every town may, and every town containing five hundred families or house holders, according to the latest public census, taken by the authority of either the Commonwealth of the United States; shall, beside the schools prescribed in the preceding section, maintain a high school to be kept by a master of competent ability and good morals, who in addition to the branches of learning before mentioned shall give instruction in general history, book-keeping, surveying, geometry, natural philosophy, chemistry, botany, the civil polity of this commonwealth and of the United States, and the Latin language. Such high school shall be kept for the benefit of all the inhabitants of the town, ten months at least exclusive of vacations, in each year, at such convenient place or alternately at such places in the town as the legal voters at their annual meeting determine, and every town containing four thousand inhabitants the teacher or

teachers of the school required by this section shall in addition to the branches of instruction before required, be competent to give instruction in the Greek and French languages, astronomy, geology, rhetoric, logic, intellectual and moral science and political economy."

CHAP. 69 OF THE ACTS OF 1884.—Amend Sec. 1 of Chap. 44 by striking out the word Hygiene and inserting in place thereby the words "Hygiene and Elementary use of hand tools."

The Acts of 1885, Chap. 332, added "Physiology and Hygiene which in both divisions of the subject shall include special instruction as to effects of alcoholic drinks, stimulants and narcotics on the human system, shall be taught as a regular branch of study to all pupils in all schools supported wholly or in part by public money," etc.

Sec. 7 of Chap. 44 of Public Statutes says, "Any town or city having more than ten thousand inhabitants shall annually make provision for giving free instruction in industrial and mechanical drawing to persons over 15 years of age, in either day or evening schools, under direction of the School Committee."

The foregoing are the substantial requirements of the Statutes by which school officers are controlled in the school work.

School Committees are not responsible for the number of branches required to be taught neither have they any discretion to make studies elective.

It is undoubtedly true that in many instances much time might be saved and better results obtained in the special studies which parents desire their children to pursue as being of greater advantage to them in view of the life work designed for them. To my mind it seems, that in consideration of the present requirements demanded of young men and women, much better practical results might be obtained if the school curriculum could be broadened and a system of electives introduced.

School masters in the old acceptance of the word are no longer an exclusive production of New England. Other sections of the country have followed its lead and produce

men and women educated as well and in similar schools.

The future is to demand of us skill in design and workmanship—in arts and mechanics, and the times are ripe for the public schools to take up this subject intelligently to the end that some portion of the vast sums of money expended for popular education may give the children some special advantages in these matters which are fast becoming so necessary to the prosperity of our State.

With the Course of Study circumscribed by the present Statute requirements nothing of importance in this direction can be done. By reference to the Statute it will be seen that the required studies are more than enough to fully occupy the time of the children during the time of the course and no time can be given to matters not required.

Fellow citizens this is your concern and your remedy is not through this School Committee but through the General Court. The Annual Message of His Excellency Governor Russell contains wise and timely suggestions upon these matters and it only needs a popular demand that may be heard in the Halls of Legislation to emancipate your public schools from some of the Statute requirements, and give parents and committees more liberty in the instruction of the children.

When this is done the public school can assume a nearer relation to the positive requirements of this progressive age.

Respectfully submitted,

CHARLES G. CHICK, Chairman.

HYDE PARK, Jan. 25, 1892.

At a meeting of the Hyde Park School Board, the foregoing report of the Chairman was read and adopted as the annual report of the full board.

RICHARD M. JOHNSON, Secretary.

REPORT OF COMMITTEE FOR SUPPLYING THE GREW SCHOOL BUILDING WITH STEAM HEAT.

TO THE SCHOOL COMMITTEE:

The matter of supplying the Grew School building with steam heat having been referred to us, with power to investigate and contract for any system which might meet our approval we immediately collected such information upon the subject as was available. We asked the advice of our townsman Mr. W. U. Fairbairn, a well known expert in matters of this kind, and were aided by his suggestions and judgment until our work was completed.

We determined upon a plant similar to that in successful use at the Greenwood School, known as the combination system, supplying heat by both direct and indirect radiation. Proposals were asked in local and Boston papers and bids were submitted as follows:

Walworth Mfg. Co.,	\$2811
Lynch & Woodman,	2445
Arthur B. Franklin,	2380
Exeter Machine Works,	2211

The contract was awarded to the Exeter Machine Works, and called for a steel tubular boiler tested and made tight at 150 lbs. hydro static pressure, with certificate of inspection and a policy of insurance for one year, the plant to be of sufficient capacity to warm all the rooms of the building to a uniform temperature of at least 70° in all weathers—with all necessary connections and attachments. A bond was given as required under the by-laws of the town for the faithful performance of the contract.

The old chimney not being of sufficient capacity for the

boiler furnace, a contract was made with Mr. Peare for a new chimney for the sum of \$335, including carpenter work.

During the summer vacation workmen took possession of the building and the plant was ready for use Sept. 1st. We had the work carefully inspected while in progress and after its completion by parties expert in this matter and are satisfied that the work is substantially done, with good material.

The capacity can only be tested by severe winter weather. We are advised that it is ample, but should it fail of the required standard the Exeter Machine Works stand ready to make good its contract and their bond will be responsible for any failure in this particular. We submit the following list of expenditures:

Exeter Machine Works,	\$2211	
Geo. H. Peare, chimney and extra,	244 57	
Boston Herald, adv.,	7 25	
W. U. Fairbairn, inspection,	10 00	
S. R. Moseley, adv.,	2 50	
W. W. Hilton, fence in cellar,	12 73	
F. W. Gleason, plumbing, etc.,	10 15	
E. S. Hathaway, cash paid out,	80	
	<hr/>	\$2499 00
	Cr.	
By amount of the appropriation,		\$2500 00
		<hr/>
Balance unexpended,		\$1 00

Respectfully submitted,

CHARLES G. CHICK,
 RICHARD M. JOHNSON,
 EDWARD S. HATHAWAY,
 Sub-Committee.

SUB-COMMITTEE REPORTS.

HIGH SCHOOL.

Since our last report we have been obliged by the increasing numbers of our school to employ additional teaching force, and we have now, one principal and five assistants. The committee secured the services of Miss Isabel Eaton, a graduate of Smith College, and a lady of superior attainments, and we believe well fitted for the duties of an additional instructor. She began in September and so far has not disappointed us.

During the past year the Course of Study has been extended and improved so as to meet the wants of scholars fitting for the Institute of Technology, Harvard, Wellesley, Smith, and other colleges, as well as to broaden and perfect the departments of Science, Physics, and English for those intending to pursue their studies no further. The Committee have in contemplation the introduction of the study of stenography and type-writing as soon as room can be had for the machines. This study would add numbers to the business course, and furnish a practical finish to a business education ; but for lack of room it must be deferred.

There is need, also, of a room for the Armory. The arms and accoutrements of the battalion are now kept in racks fixed to the walls of a class-room, which also does duty as a dressing-room. This arrangement is not convenient, but it is the best that can be done at present. The boys drill in the school-yard in the warm weather and in the Y. M. C. A. hall during the winter months. The latest system of drill regulations approved by the War Department has

been issued to them and instruction in the new tactics is well advanced. The physical exercises of the the girls have continued, but this branch of the curriculum will not reach its best and fullest development till sufficient room can be had to display its possibilities.

There probably has never been a time when so much intelligent effort has been made among educators to perfect the study of the English language and of its best authors. The importance of this study in any higher education cannot be overestimated, and the Committee have provided a liberal course in this department of the new arrangement—and it only needs a school library of a fair assortment of the best writers to render this study the most interesting of any to a large number of our scholars. A handsome contribution of \$100.00 worth of well selected books has been made to the school library by the editors of the “High School Register” and the officers of the Battalion, and temporary shelves provided for them in the main room until better arrangements can be made. We hope the time is not so far distant when the school may be able to rejoice not only in a reasonable number of well selected books, but in an appropriate library room for the use and enjoyment of its scholars.

The entering class at the beginning of the year in September numbered seventy-nine. The whole number enrolled this year is two hundred. Number now in attendance one hundred and eighty-nine, divided as follows :

First Class	25
Second Class	36
Third Class	{	four years,	.	37	.	
	{	two “	.	6	.	43
Fourth Class	{	four “	.	50	.	
	{	two “	.	19	.	69
Special courses	16
Total	189

The farthest limit of convenience and of economical management of the school has been reached this year, and it is earnestly hoped that the Committee appointed by the town at the last town meeting, may be able at an early date to recommend some action on the part of the town toward the erection of a commodious and substantial building so imperatively needed by the school. The present building was calculated to meet any probable needs of the school for five years from September, 1889. In September, 1891 it was more crowded than in 1889. The school is in the hands of good teachers and is doing well, but the work is done at some disadvantage for lack of room, and if there should be a still larger entering class next September, the inconvenience will be increased and the efficiency of the work imperilled. The Hyde Park High school is an institution in which our citizens may justly take pride. Its record is a creditable one, and its future promising. There can be no greater mistake than to hamper its progress and cramp its usefulness by continued confinement in its present quarters. The numbers that crowd its entering classes attest the interest of our citizens in a higher education for their children. It is simply ordinary forethought for their best interests to provide them with a convenient and comfortable school building as soon as it is possible to do so.

RICHARD M. JOHNSON,

LOUISE M. WOOD,

HENRY S. BUNTON,

Sub-Committee.

GREW SCHOOL.

This school has continued under the care of Mr. Dean, who has for many years devoted his time and talents to its welfare. At the present time the work here progresses under favorable conditions, and we feel confident that the children are being well and carefully instructed. The numbers are not sufficient to overcrowd the rooms and this gives the teachers better opportunities for good work and makes the sanitary conditions very much better.

Rightly distributed in the various grades the building is capable of accommodating the natural increase of the district for a number of years, without additional teachers. At the beginning of the spring term in April Miss Gushee resigned as teacher in the IX grade. The vacancy was filled by the transfer of Miss Curtis from X grade at the Greenwood. During the summer Miss Gordon of the VIII class and Miss Edson of the XI class resigned. These vacancies were filled in September by the employment of Miss Abby A. Sutherland, a graduate of the Salem Normal School, for the VIII grade, and Miss Edna Cherrington of this town in the XI. In November Miss Pollard of the VII grade accepted a call to Pawtucket, R. I., at an advanced salary. Miss Blanche L. Bright of Canton succeeded to this vacancy. These resignations deprived the school of three strong and popular teachers. The young ladies secured for these vacancies are doing good work and bid fair to make the year a successful one. This school is to be congratulated upon the spirit of harmony which exists between its teachers. This, we believe, is of great value to the work, both in the tone and discipline of the school.

The new steam heating apparatus is meeting a long felt want in supplying comfortable rooms in all weathers. The room on the third floor of the annex will need additional heating surface for direct radiation, and the Exeter Machine

Works have been so notified. The building is now twenty years old and begins to show marks of wear. The ceilings need cleaning and whitening, some rooms need new furniture, and the floors are becoming much worn. The buildings were painted last summer, but from insufficient funds placed at our disposal the painting of the fence was postponed. The cellar ought to be graded and plastered overhead. We recommend that the ceilings of the rooms be thoroughly cleaned and whitened, or tinted, during the coming year, and that the cellar be put in good condition. In closing, we would thank the teachers for the faithful work and loyal support of our efforts to make the year a successful one.

CHARLES G. CHICK,
RICHARD M. JOHNSON,
Local Committee.

FAIRMOUNT SCHOOL.

No changes in the corps of instructors have marred the work of the year just closing, and the advantage which accrues from the retention of experienced teachers is manifest in the present excellent condition of the school. To this gratifying result. Mr. Cross has largely contributed by his intelligent and conscientious supervision.

Special attention has been given to the writing exercises of the lower grammar school grades, with a view to laying the foundation for freer and better penmanship in the subsequent school work. Notwithstanding the fact that there has been much sickness in the community this winter, attendance upon the Fairmount School has not been materially affected thereby. We take pleasure in commending the record of Elvera Bloom, who has been perfect in attendance for the past five years, and Mahlon Plummer, who has been perfect for the past four years.

By direction of the local committee and for experimental purposes in the matter of ventilation, fireplaces have been constructed in two of the rooms and open grates provided. During the present winter complaints have been constantly received in regard to the insufficient and uneven heating of the building. Your committee are of the opinion that the substitution of steam heating apparatus is a desirable remedy for the evils which apparently cannot be remedied under the present system.

HENRY S. BUNTON,
AUGUSTA L. HANCHETT,
Sub-Committee.

GREENWOOD SCHOOL.

Several events worthy of note have occurred in this school during the past year, both as regards the administration of the school, and as relating to the school building.

At the time of making the last report the position of Master's Assistant was vacant, and we had no immediate prospect of filling the vacancy. We were fortunate, however, in securing the services of Miss Carrie H. Stevens, a graduate of the Farmington Normal School and a teacher of experience. She assumed the duties of the position with the beginning of April term, and has filled the place with credit to herself, and to the eminent satisfaction of the Committee.

At the same time, Miss Belle D. Curtis, was transferred to the ninth grade in the Grew School, and the vacancy thus created was filled by the appointment of Miss Alma E. Batchelder, who came to us well recommended from Everett.

With the opening of the Fall Term, the large number of pupils in the lower grades made it necessary to divide the classes, and employ another teacher. The tenth, eleventh, and twelfth grades were thus divided, Miss Freeman assuming a portion of the tenth and eleventh, Miss Howes the

eleventh and twelfth, and Miss Jennie E. Sutherland, a graduate of the Salem Normal School and a teacher of experience, taking the new division of the twelfth class. In all these appointments the Committee feel they have been fortunate in their choice, and have materially strengthened the teaching force of the school.

In January, Miss Mary F. Perry who has been connected with the school for about ten years, tendered her resignation, which was accepted at the last meeting of the Board. Miss Annie B. Davis, a Salem Normal school graduate coming from East Rochester, N. H., has been appointed by the Local Committee to fill the vacancy, temporarily. Should she meet their expectations she will probably be permanently appointed by the Board.

Outside the fitting up of the new room in the upper story, but little has been required in the way of repairs or improvements on the property. As we suggested would be the case in our last report, the call for additional room became imperative with the beginning of the school year in September, the division of the grades making the opening of another room a necessity.

To meet this demand, the small hall was taken, and by constructing a proper partition, a class-room about forty-five feet by twenty was obtained, capable of seating about fifty pupils. Proper ventilation was secured and the steam heating system extended to the new room, which is now occupied by the seventh class, and is one of the pleasantest rooms in the building.

By this alteration another room about fifteen by twenty feet was secured, which can be utilized as a Teachers' Room, for Teachers' meetings and like purposes. It is heated by steam, and only needs to be properly furnished to be available for such use. The total cost of the alterations, and the furnishing of the school room, was in the neighborhood of \$700.

Several of the rooms in the middle grades are still in a crowded state, as will be seen by the detailed statistics of the school which appear elsewhere in this report. The total enrolment in the school the past term was 404. Should the growth in this section of the town continue to increase as it has for the past two years, the question of school accommodations in this district will again force itself upon the attention of the town at no distant day. The construction of a new High School building, as contemplated, would leave the present building available for grammar school purposes, and solve the problem, not only for this school, but by the formation of a new district which should take in the centre of the town lying between the two railroads, would create natural district lines, and relieve all the outlying school buildings, furnishing adequate room to accomodate the growth going on in those districts.

E. S. HATHAWAY,
CHARLES. G. CHICK,
Sub-Committee.

BUTLER SCHOOL.

The Butler School under the care of Miss Grace B. Gidney has done good work throughout the year. During the vacation the building was painted and put in repair. Your committee would suggest the advisability of putting in water the coming season, as the school is now dependent for its supply upon the kindness of neighbors. The danger of freezing pipes is somewhat increased by the lack of a cellar, but we have made careful inquiries and are satisfied that this danger can be easily guarded against, and the building placed upon an independent footing.

AUGUSTA L. HANCHETT,
Local Committee.

DAMON SCHOOL.

This school at present numbers 130 pupils under the care of four teachers. Mr. J. S. Manter closed his labors here in June, and at the opening of the September term the school was placed in the charge of Mr. Walter F. Sayward, who came to us with a well established reputation for successful work. He holds his school easily but firmly, has won the respect and good will of his pupils, and is doing good work. The other teachers remain the same as last year.

A concrete walk and forming platform have been laid, and a few necessary repairs made on the building during the year, but on examination it is found that quite extensive repairs will be required the coming summer. The tin roof is worn out, and must be renewed as soon as possible. The walls inside the building are badly discolored in several places, caused by the leaking of the roof, and should be re-tinted. The furnaces are nearly worn out and the question of new heating apparatus must be decided in the near future. At least one new furnace will be a necessity another winter. Another improvement which we would suggest is the removal of the pump and the filling up of the old unused well in the front yard. In the opinion of your committee an appropriation should be asked for sufficient to cover all these needed repairs.

In closing this report we desire to say that the school is progressing as favorably as can be expected under existing conditions, some of which are not conducive to the best results to the graduating class. In consequence of the great reduction in numbers, the classes, especially in the upper grades, are very small and the master has entire charge of three. He has in his room at present twenty-six pupils, only four of whom are members of the 5th class. In so small a class they miss the stimulus and enthusiasm which the asso-

ciation and competition of a number of pupils naturally excites, and besides receive but a fractional part of the master's time. In view of these disadvantages the question arises, Would not these four pupils reap greater benefits by being transferred to the larger 5th classes of the Fairmount and Grew schools, the expense of their conveyance to and from school being borne by the town?

LOUISE M. WOOD,

E. S. HATHAWAY,

Sub-Committee.

EVENING SCHOOLS.

The sessions of the Evening Schools were continued after the date of the last report through the months of February and March under the same teachers. The sessions of the present Winter opened Nov. 30th. The Centre School, in the High School building, was placed under the charge of Mr. Geo. F. Freeman as principal, with Mr. E. St. C. Fellows as assistant. Mr. George F. Eldredge was appointed principal of the Readville School, and Mr. Sumner R. Hooper assistant.

The attendance in both schools has been considerably larger than last year, and a manifest desire on the part of the pupils to improve the opportunities which these schools offer has been apparent. It is impossible to classify results, as the work is almost wholly individual, and the branches taught range from the alphabet to double entry book-keeping. Quite a large number of the pupils represent graduates of our grammar schools, who, unable from force of circumstances to pursue their studies in the High School, take this method of supplementing the knowledge there obtained. The effort is certainly a laudable one, and worthy of all encouragement. From the reports of the

masters of the two schools we gather the facts relating to each, as presented below :

CENTRE SCHOOL.

This school embraces all classes. The oldest pupil being 38 and the youngest 15. The average age is about 21. About one-third of the membership are females. The number enrolled is about 40. The largest attendance has been 37, the smallest 13, average attendance 24. In point of numbers there has been a decided gain over last year.

The scholars are faithful in their work, manifest a desire to improve as rapidly as possible, and the progress is good. The work is largely individual, and the branches taught embrace Reading, Writing, Arithmetic, Spelling, Grammar, History, English Composition, and Bookkeeping.

READVILLE SCHOOL.

This school opened with a large number, and 101 different names appear upon the roll. Of this number 75 are males and 26 females. In age they range from 38, the oldest, to 14, the youngest. Over ninety per cent. of the number are Irish, and a few Canadians, one negro and one Indian are embraced in its membership. Seventy-nine of the number are between the ages of 14 and 20 : 17 between 20 and 30 and 5 between 30 and 40. The average attendance has been 28. Reading and Writing are the branches in which most of the pupils desire instruction, although Arithmetic, Spelling, Grammar and Book-keeping are among the studies pursued. The larger part of the membership live in the immediate vicinity, and are mainly employed in the Cotton Mill. Most of the pupils come with an earnest desire to learn and have made good progress. The large disparity between the total enrolment and the average attendance is due to the fact that the

attendance is very irregular, and the average of 28, represents a much larger number of different pupils. Another cause probably exists in the fact, that a large number crowded into the school at the opening, more than the teaching force employed could attend to at once, as the work is individual to a great degree; before the two teachers employed could give attention to each individual need, quite a number dropped out, and it is within the range of possibility that among this number were some who would have been regular attendants had they been set to work at once. Perhaps, if, at the opening of another season, a sufficient corps of teachers could be in attendance to look after each individual presenting himself at the school, a better attendance would result.

E. S. HATHAWAY,
AUGUSTA L. HANCHETT,
Sub-Committee.

EVENING DRAWING SCHOOL.

From the 31st of January to the 1st of April, the drawing school was continued under the instruction of Mr. Frank W. Howard, along the same lines as presented in the last report. The school was closed on the latter date, and on the evening of April 15th a public exhibition of the work done during the term was given in the High School building, which was attended by a good number of citizens and shewed very creditable work on the part of the pupils and instructor.

The present term began on the evening of Nov. 30th, 1891, the school being under the charge of Mr. Charles H. Fogg, draughtsman of the Brainard Milling Machine Works, a thorough competent instructor, whose report is presented herewith. Mr. Fogg's suggestions as to a change

of plan in the conduct of the school is worthy of attention.

E. S. HATHAWAY,
AUGUSTA L. HANCHETT,
Committee on Evening Drawing School.

E. S. HATHAWAY, Esq., Chairman Committee,

Dear Sir:—I submit the following report.

The evening drawing school opened Monday, Nov. 30th. Three classes were arranged as follows: Elementary drawing to consist principally of geometrical figures, on Mondays at 7.30 P.M. Mechanical, to consist of projecting from the object, detail parts of a mill grinder loaned by Mr. A. H. Brainard, being used for this purpose, Wednesdays at 7.30 P.M. The Architectural class works from the flat copy in the shape of a set of house plans loaned by Mr. E. N. Boyden, a Boston Architect, Fridays at 7.30 P.M. Jan. 1st, there were seventy-seven names on the roll, but a number have been crossed off, not having been present for three or more sessions; so that the roll at present contains sixty-one names. Attendance averages about forty-eight, the Elementary class being more than twice as large as either of the others. There are but few boys, and most of these are in the Elementary class. The interest in the work seems to be good, but especially is this to be noticed in the Elementary class. This interest together with what has been noted in the other classes, has led me to the conclusion that perhaps it might be better to change the arrangement another year, and substitute the following plan. A class for beginners for the study of geometrical drawing. For those familiar with geometrical drawing, there would be a class in projection, and also an advance class in which the study of working drawings could be taken up, to include the arrangement of work on paper, and an intelligible way of

locating dimensions. There would seem to be no objection to the study of both architectural and mechanical drawing by this class. CHARLES H. FOGG, Instructor.

INDUSTRIAL SCHOOLS.

These schools, consisting of carpentry school for boys, and a sewing school for girls, were opened the first week in July, and continued through most of the vacation. The carpentry school, under the care of Mr. J. E. Webb, was unusually successful, some fifty different boys having entered it, and an average of more than thirty were in attendance each day during the entire term. The Committee would recommend a grading of this class the coming summer, thus enabling those who have already had the benefit of the lessons to take up more difficult and complicated work. The value to our boys of this training in the use of tools can hardly be estimated.

The sewing school, under Mrs. W. A. Boardman, started with about the same number of pupils as the carpentry school, but the interest was not kept up as we would like to have seen it, the numbers steadily decreasing until only about half a dozen availed themselves of the last lessons. On account of the falling off in numbers and interest, the school closed a week or more before the carpentry school. If, with a larger appropriation, we could arrange for different departments in this school, one for sewing, another for mending, and still another for instruction in cutting and fitting garments, the results would, without doubt, justify the expenditure, and possibly accomplish more for our girls than the one hour per week devoted to sewing during the school year.

HENRY S. BUNTON.
